

[AI-05] AI Privacy & Responsible Use Checklist

- ☒ **No PII or Sensitive Data Uploaded:** I confirm that I did not upload any Personally Identifiable Information (PII), confidential client data, or proprietary code to public AI tools.
- ☒ **Human-in-the-Loop Verification:** I confirm that all AI-generated outputs (test cases, code, analysis) were independently reviewed, executed, and verified by me.
- ☒ **Accountability for Hallucinations:** I understand that LLMs can hallucinate. I accept full responsibility for the accuracy and correctness of every word and line of code submitted in this report.
- ☒ **Compliance with Course Policies:** I confirm that my use of AI aligns with the ethical guidelines and academic integrity policies outlined for this assignment.
- ☒ **Disclosure of AI Use:** I have clearly documented all prompts and AI interactions in the **PromptLog.md** or equivalent report sections.
- ☒ **Proper Attribution:** I have attributed any AI-generated structure or templates to the respective tool (e.g., ChatGPT, Gemini, Claude).
